Htet Hlaing Swan

has successfully completed the program

Full Stack Mastery

The earner of this Professional Certificate has successfully completed the Full Stack Mastery program, covering comprehensive training across modern web development technologies. The learner has gained hands-on experience with backend development using Node.js and Express, database fundamentals, REST API development, TypeScript, React, real-time applications with Socket.io, UI/UX principles, and deployment workflows. The program also included a capstone project, where the learner applied these skills to design and build a complete, production-ready full-stack application.
